ParishSOFT®

Powerful Web-Based Software

Connect diocesan and parish staff securely, from any web-enabled device, from work or home, with real-time data and reporting.

Web-based church management and accounting solutions for parishes.

We want to help you streamline your work. That's why ParishSOFT Family Suite and ParishSOFT Accounting are developed as web-based solutions. Both diocesan and parish staff enjoy these substantial benefits.

- **Work securely from anywhere and on any device** with Internet access (PC/Mac/Android tablet/iPad)
- **No more backups to run** because we automatically backup your data daily to ensure you are protected
- **Immediate access to the latest version** with our built-in automatic software updating platform
- **Enjoy a fast workflow with functionality** that helps your staff to save time and increase efficiency
- **Full product integration** between modules that share a common database improves productivity
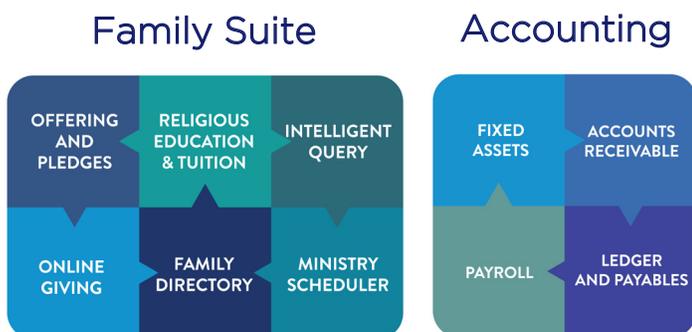

Current technology. Proven platform.

First developed in 2008, ParishSOFT web-based software is the trusted technology platform for over 9,000 parishes in 185 dioceses. Our web-based church management suite was created with the unique needs of our Catholic customers in mind. They made it clear that they wanted to manage their census, sacraments, religious education, offering, and ministries on ParishSOFT. And we delivered.

The ParishSOFT Family Suite was built upon the proven and time-tested products we began providing to Catholic parishes in 1998. Today's tools put the power of the web to work for ministry, with better tools and smarter, faster ways to handle day-to-day administrative tasks and stay connected with people.

ParishSOFT has the reliable, secure web-based software you need to provide real-time data and reporting, decrease staff workload, and increase both ministry and stewardship.

FAMILY DIRECTORY

Manage your family and member records online from any device, anytime. The web-based ParishSOFT Family Directory gives you powerful census, record management, and communication tools built for efficiency and mobility. Getting data into your system — and back out of your system — has never been so fast and easy.

LEDGER AND PAYABLES

Track bills, deposits, projects, restricted funds, journal entries, and budgets in an anytime, any-where location. Get exactly the reports needed for numerous departments, locations, projects, and committees in any church or school. Shares information directly with Consolidation, eliminating the need to produce special annual reports for the diocese.

OFFERING AND PLEDGES

Track family and member contributions, manage pledge campaigns, and get the information you need for thank-you letters, reports, and state-ments, in a fresh, web-based program that delivers high-efficiency workflows to the church office. ParishSOFT Giving is included and offers the latest in web-based giving. Plus, integration with Parish-SOFT Offering and Pledges is seamless.

PAYROLL

Manage payroll, deductions benefits, special clergy allowances, and personal time with confidence. Time-saving features like pay groups, automatic allocation to funds/departments, and an intuitive step-through payroll process make preparing checks or an ACH file for automatic deposits easy. All payroll is automatically tracked in your general ledger, eliminating duplicate data entry and special imports.

ONLINE GIVING

ParishSOFT Giving provides predictable income, easy set-up, and more ways to connect your church than ever before. Members can give one-time or set up recurring giving, plus keep up with their giving, including pledges, through the Parish-SOFT secure interface.

ACCOUNTS RECEIVABLE

Our easy-to-use system helps manage your ac-counts receivable securely from any location with Internet access. It's designed to help churches and schools track invoices, due dates, payments, "customers," deposits, and more, whether you're renting church or school facilities, managing a cemetery, or charging fees for special services.

RELIGIOUS EDUCATION & TUITION

Keep your church's educational ministry orga-nized, with a web-based module that tracks all the administrative details so you can spend more time on people, programs, and ministry! Religious Edu-cation and Tuition simplifies the way you organize and manage your entire program. And dash-board-level search, filter, and export capabilities power your communications and reporting.

FIXED ASSETS

ParishSOFT's Fixed Assets program lets you keep tabs on buildings, land, vehicles, equipment, furni-ture, and more, so you'll have accurate, detailed records at all times. As a fully integrated add-on module in the ParishSOFT Accounting, Fixed Assets supports informed data management and reporting of the assets your organization owns.

MINISTRY SCHEDULER

Recruit, engage, and involve your members in church life with our powerful program for com-plete ministry management. Members can volun-teer and manage their personal service preferenc-es on the web, making it easy — and really fast — for church staff to create accurate and balanced schedules. Say goodbye to ministry management that takes way too long and start using efficient tools to help your ministries flourish.

Register for a webinar demo.

Enjoy a free, no obligation, live demonstration of our web-based ParishSOFT software.

At the demo, you will see first-hand how our web-based products can reduce workload for staff, boost productivity, and decrease operating expenses across your parish or diocese.

Register online at: parishsoft.com/demos.

If you have questions about ParishSOFT's products, give us a call at 866-930-4774.

INTELLIGENT QUERY

ParishSOFT Intelligent Query (IQ) is the easy-to-use custom query report builder designed to let churches pull the data they need from the ParishSOFT Family Suite. Whether you need a simple report or a more complex query involving multiple data fields, operations, or conditions, IQ makes it easy to get exactly the information need-ed to power the work of the church and enhance decision making.

SYSTEM REQUIREMENTS: Requires no special hardware. Runs on any Mac or PC device on the latest versions of Internet Explorer, Firefox, Safari, and Chrome.

Users of our desktop Family Directory should consult their ParishSOFT representative for differences between ParishSOFT and their desktop program.
